SPECIAL TABLES

Maintenance Cases, Recipients and Payments by County and Administrative Area

Medical Cases, Persons and Payments by County and Administrative Area

Care Home Cases and Payments by County and Administrative Area

TABLE DESCRIPTIONS

1. Total Assistance

This table shows the persons, expenditures, and average per person for persons receiving cash grants, persons receiving medical assistance in addition to cash grants and persons eligible only for medical assistance by program. The Total column combines the medical and cash assistance figures for the total assistance paid to persons in Kansas by program. Included are totals for Food Stamps, Emergency Assistance and State Institutions, and Buy-Ins.

PUBLIC ASSISTANCE

2. Total Public Assistance

This table details the cases, persons and children receiving cash assistance, expenditures for cash and/or non-medical vendor payment, and the average expenditures per case and person for the month by program.

3. Aid to Dependent Children and General Assistance (Fiscal Year)

Monthly totals of cases, persons, children, expenditures for cash and/or non-medical assistance, and average expenditures per case and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year. The ADC portion includes ADC regular, unemployed father and foster care; the GA portion includes GA regular and foster care.

4. ADC - Regular and Unemployed Father (Fiscal Year)

Monthly totals of cases, persons, expenditures for cash and/or non-medical assistance, and average expenditures per case and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

5. General Assistance - Regular (Fiscal Year)

Monthly totals of cases, persons, children, expenditures for cash and/or non-medical payments, and average expenditures per case and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

6. Foster Care and Adoption Support (Fiscal Year)

Monthly totals for children, expenditures for cash and/or non-vendor payments, and the average expenditures per child. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

7. Burial, State Supplement to SSI, and Refugees (Fiscal Year)

Monthly totals for cases, persons, expenditures for cash and/or non-medical payments, and average expenditures per case and person. Also included are the fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

FOOD STAMPS

8. Food Stamps (Area Totals)

Total households, persons, expenditures, and the average expenditures per household and person for the month by SRS administrative area.

9. Food Stamps (Fiscal Year)

Monthly totals for households, persons, expenditures and the average expenditure per household and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

APPLICATIONS AND CLOSURES

10. Applications Approved (Fiscal Year)

Total applications approved by maintenance assistance category. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

11. Cases Closed (Fiscal Year)

Total of cases closed by maintenance assistance category. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

MEDICAL ASSISTANCE

12. Total Medical Assistance

This table shows the number of persons eligible to receive medical assistance during the month (eligibles), the number of persons who received medical assistance during the month (recipients), the expenditures for medical assistance, and the average expenditures per person receiving medical assistance during the month by program. This table excludes the payments made for persons in State Institutions.

13. Public and Medical Assistance (Fiscal Year)

The Public Assistance portion of this table shows the persons and expenditures for medical vendor payments made for persons who are also receiving cash payments and/or non-medical vendor payments. The Medical Assistance portion of this table shows the persons and expenditures for medical vendor payments for persons who are eligible only for medical assistance. The Total Medical Assistance portion combines both types of assistance. Excluded from these figures are State Institutions. Included are the current fiscal year-to-date totals and the year-to-date totals from the previous fiscal year.

14. Adult Care Facilities, State Institutions and All Others

The Adult Care Facility portion of this table shows the persons and expenditures for medical vendor payments for person in Adult Care Facilities by program. The State Institutions portion shows the persons and expenditures for medical vendor payments for persons in State Institutions by program. The All Others portion shows medical vendor payments made for persons who receive medical assistance, i.e., In-Patient Hospitals, Drugs, etc., but who are not in Adult Care Facilities or State Institutions.

15. Adult Care Facilities, State Institutions and All Others (Fiscal Year)

Monthly totals for persons and expenditures for medical vendor payments for persons in Adult Care Facilities, in State Institutions and All Others receiving medical assistance. All included are the current fiscal year-to-date totals and the year-to-date totals from the previous fiscal year.

16. Adult Care Facilities by Levels of Care

Monthly details of persons, expenditures for medical vendor payments, and average expenditures for persons by type of facility: Skilled Nursing Facility (SNF), Intermediate Care Facility (ICF), and Intermediate Care Facility for the Mentally Retarded (ICF/MR). Also included are the current fiscal year-to-date totals and year-to-date totals from the previous year.

17. Adult Care Facilities by Levels of Care (Fiscal Year)

Monthly totals of persons, expenditures for medical vendor payments and average expenditure per person. Also included are fiscal year-to-date and the year-to-date totals from the previous fiscal year.

18. Medical Assistance by Category of Service

Detailed information by Category of Service (type of service provided rather than type of provider) by program for persons, expenditures for medical vendor payments, and average expenditure per person for the month by program. The total column persons is an unduplicated count of persons receiving Medical Assistance that month; therefore, the row totals will not add to the total column persons.

19. Medical Assistance by Category of Service (Fiscal Year)

Monthly expenditures for medical vendor payments by Category of Service (for type of service provided rather than type of provider). Also included are the current year-to-date totals and the year-to-date totals from the previous year.

SPECIAL TABLES

Maintenance Cases, Recipients and Payments by SRS Administrative Area and County: The first section reports applications for maintenance assistance which: (a) received payment during the month; (b) were denied payment during the month; and (c) were pending at the end of the month. The three Supplemental Security Income (SSI-Aged, SSI-Blind, and SSI-Disabled) sections report: (a) cases opened during the month; (b) persons receiving burial payments and the amount of burial payments; and (c) cases closed during the month. State Supplementation to SSI is not included in this table; the State total is reported on Table 1. The ADC Maintenance Assistance (funded under Title IV-A of the Social Security Act) and the GA Maintenance Assistance (funded by State monies only) sections report: (a) cases opened during the month; (b) cases and persons receiving cash, non-medical vendor service or burial payments and the amount of those payments; and (c) cases closed during the month.

Medical Cases, Persons and Payments by SRS Administrative Area and County: This table reports amounts of medical payments made on behalf of SRS receipients and is subdivided into several sections: (1) recipients of SSI due to age; (2) recipients of SSI due to blindness; (3) recipients of SSI due to disability; (4) recipients of ADC (Title IV-A) cash payments; (5) recipients of GA cash payments; (6) persons who are aged, blind, or disabled; (7) persons who are members of families with dependent children who do not themselves receive cash payments from Title IV-A; (8) persons who are not aged, blind, disabled or members of families with dependent children; (9) children and youth who are not reported in one of the other sections.

(Child Welfare) CW-State by SRS Administrative Area and County: Maintenance Assistance payments from Title IV-B funds for some children and youth which are not reported in the Maintenance Table are reported at the bottom of the Medical table.

Care Home Cases and Payments by SRS Administrative Area and County: This table separates the amount of Nursing Home payments which are included in the medical table. In each of the first five sections, the third line reports the total payments for both Skilled Nursing Home Care and Intermediate Cae Facility Care, while the fourth line reports the portion of the third line that is for Skilled Nursing Home Care. To compute ICF care, subtract the fourth line from the third line. The first line reports the number of persons on behalf of whom payments reported on the third line were made. The second line reports the number of persons on behalf of whom payments reported on the fourth line were made. The sixth, seventh, eighth, and ninth sections report only a total of skilled plus intermediate care and do not provide a breakdown. The total Care Home section is reported in the same format as the first five sections.

KANSAS PUBLIC ASSISTANCE

Program Descriptions

The Kansas Department of Social and Rehabilitation Services is charged with responsibility for the delivery of a wide range of services to and in behalf of the people of Kansas. Public Assistance is one of several categories of services provided by the Department's programs. The scope of the term "assistance" is defined by Kansas Statute 30-702 "to include the giving of money, food, clothing, shelter, medicine, or other materials; the giving of any service, including instructive or scientific; and the providing of institutional care which may be necessary or helpful to the client in providing the necessities of life for himself and his dependents.

The purpose of the "Summary of Public Assistance" is to provide current and historical data by program for public information. This publication reports monthly, quarterly and fiscal year statistics on maintenance assistance (cash payments), medical assistance (services which are purchased for the client) and food stamps. This data is used for various forms of analysis and is monitored regularly by Research and Statistics Section of SRS. Any questions should be directed to this section.

The majority of assistance programs available through the Department are financed with different proportions of State and Federal matching funds. Other programs, including General Assistance, and State Supplementation to the Aged, Blind and Disabled, are funded by State monies only. All the statistics presented in this publication reflect the total amount of assistance distributed.

The same person may receive maintenance assistance, medical assistance and food stamps in the same month. In this sitution, that person will be counted three times once for each program - in that month. The same process will be repeated each month; therefore, a person receiving maintenance assistance for six months out of the year will show up in the annual maintenance assistance "person-months" count as six "person-months."

MAINTENANCE ASSISTANCE PROGRAMS

Maintenance Assistance programs are those which distribute cash payments to clients each month. The statistics shown under this heading deal only with cash payments and non-medical vendor payments even though recipients in this category may also be receiving medical assistance and/or food stamps. Maintenance Assistance programs include State Supplementation (SSI), Aid to Dependent Children (ADC), General Assistance (GA) and other assistance which includes foster care, adoption support, refugees, and burial.

State Supplementation has been a diminishing program since January, 1974. At that time those persons who were receiving State maintenance assistance for aged, blindness, or disability were incorporated under Supplemental Security Income (SSI). For some persons, when this change represented a decrease in their grant amount, SRS agreed to pay the difference between new and previous grants until their case was closed or the grant was increased to the original amount. This program is funded totally through State money.

Aid to Dependent Children (ADC) is a Federally-matched program designed to meet the needs of dependent children and their families.

ADC-Regular covers those families receiving money payments who cannot be classified under ADC-Unemployed Father or ADC-Foster Care. Each family is counted as one case.

ADC-Unemployed Father (ADC-UF) is the classification for those families with unemployed fathers. Each family is counted as one case.

ADC-Foster Care (ADC-FC) is a program for children committed to the custody of the Secretary of SRS. Each child is counted as a separate case.

General Assistance (GA) is a category of state funded programs for those persons not eligible for Federally-matched programs who otherwise meet GA eligibility requirements.

GA-Regular is a program for those persons who meet state eligibility requirements, but are not eligible for federal funds.

GA-Foster Care (GA-FC) is a program for those persons under 18 in the custody of SRS with parental rights not severed who are not eligible for ADC-FC, but are eligible for foster care payments on the basis of their family's income or resources.

Other Assistance

Children and Youth-Foster Care (C&Y-FC) is a program for those persons under 21 who have been committed to the Secretary of SRS with all parental rights severed (or in the process of being severed) who are not eligible for ADC-FC. This program is Federally matched.

Non-Public Assistance-Foster Care (NPA-FC) is a program for those children not in the custody of SRS whose foster care costs, i.e., residential care, are paid for with State funds. These children are not, however, directly eligible for public assistance.

Adoption Support is a program for those children with approved adoption support plans who may or may not be receiving other services under another case. This program is financed by State funds only.

Burial (all programs) is a count of persons whose burials were paid for in that month. This program uses only State funds.

Refugees is a program for Indochinese refugees. This program is totally funded by Federal money at the present time.

FOOD STAMP PROGRAM

The United State Department of Agriculture changed the method for issuing Food Stamps effective January 1, 1979. As of that date, the purchase requirement was eliminated, and the "bonus," the amount of Food Stamps over the purchase amount, was mailed directly to eligible households. The "bonus" reported prior to January 1, 1979, is the same information that will be reported after that date.

Public Assistance-Food Stamps (PA-FS) is the program for those persons eligible for both food stamps and other public assistance.

Non-Public Assistance-Food Stamps (NPA-FS) is the program for those persons eligible for food stamps, but who are ineligible for other forms of public assistance.

MEDICAL ASSISTANCE PROGRAM

Medical Assistance provides payments for remedial, preventive, or rehabilitative medical care and services furnished by licensed practitioners within the scope of their practice as defined by state law and within the scope of services covered by SRS. Specific services for which such payment can be made and the proper payment rate are established by the Medical Services Section (MSS) and are reviewed and adjusted periodically.

Medical Assistance is available to two groups of recipients; those who are automatically qualified by virtue of receiving cash assistance through Maintenance Assistance programs (PA) and the Medical Assistance only (MA), or "categorically related" recipients. The latter group of recipients are persons who are not eligible for cash grants, but who otherwise meet the eligibility requirements for Medical Assistance.

Medical Assistance Only Programs Include:

1. Medical Assistance categorically related to Old Age - MAcrOA (Federal-State funding)

2. Medical Assistance categorically related tc Aid to the Blind - MAcrAB (Federal-State funding)

3. Medical Assistance categorically related to Aid to the Disabled - MAcrAD (Federal-State funding)

4. Medical Assistance categorically related to ADC - MAcrADC (Federal-State funding)

5. Medical Assistance categorically related to GA - MAcrGA (State funding)

Other Medical Assistance

Buy-In is a term used for the purchase of Medicare insurance premiums for eligible persons. This information is shown only on Table 1. This program is Federally matched.

TABLE DESCRIPTIONS

1. Total Assistance

This table shows the persons, expenditures, and average per person for persons receiving cash grants, persons receiving medical assistance in addition to cash grants and persons eligible only for medical assistance by program. The Total column combines the medical and cash assistance figures for the total assistance paid to persons in Kansas by program. Included are totals for Food Stamps, Emergency Assistance and State Institutions, and Buy-Ins.

PUBLIC ASSISTANCE

2. Total Public Assistance

This table details the cases, persons and children receiving cash assistance, expenditures for cash and/or non-medical vendor payment, and the average expenditures per case and person for the year by program.

3. Aid to Dependent Children and General Assistance (Fiscal Year)

Monthly totals of cases, persons, children, expenditures for cash and/or non-medical assistance, and average expenditures per case and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year. The ADC portion includes ADC regular, unemployed father and foster care; the GA portion includes GA regular and foster care.

4. ADC - Regular and Unemployed Father (Fiscal Year)

Monthly totals of cases, persons, expenditures for cash and/or non-medical assistance, and average expenditures per case and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

5. General Assistance - Regular (Fiscal Year)

Monthly totals of cases, persons, children, expenditures for cash and/or non-medical payments, and average expenditures per case and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

6. Foster Care and Adoption Support (Fiscal Year)

Monthly totals for children, expenditures for cash and/or non-vendor payments, and the average expenditures per child. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

7. Burial, State Supplement to SSI, and Refugees (Fiscal Year)

Monthly totals for cases, persons, expenditures for cash and/or non-medical payments, and average expenditures per case and person. Also included are the fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

FOOD STAMPS

8. Food Stamps (Area Totals)

Total households, persons, expenditures, and the average expenditures per household and person for the year by SRS administrative area.

9. Food Stamps (Fiscal Year)

Monthly totals for households, persons, expenditures and the average expenditure per household and person. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

APPLICATIONS AND CLOSURES

10. Applications Approved (Fiscal Year)

Total applications approved by maintenance assistance category. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

11. Cases Closed (Fiscal Year)

Total of cases closed by maintenance assistance category. Also included are the current fiscal year-to-date totals and the year-to-date totals from the preceding fiscal year.

MEDICAL ASSISTANCE

12. Total Medical Assistance

This table shows the number of persons eligible to receive medical assistance during the year (eligibles), the number of persons who received medical assistance during the year (recipients), the expenditures for medical assistance, and the average expenditures per person receiving medical assistance during the year by program. This table excludes the payments made for persons in State Institutions.

13. Public and Medical Assistance (Fiscal Year)

The Public Assistance portion of this table shows the persons and expenditures for medical vendor payments made for persons who are also receiving cash payments and/or non-medical vendor payments. The Medical Assistance portion of this table shows the persons and expenditures for medical vendor payments for persons who are eligible only for medical assistance. The Total Medical Assistance portion combines both types of assistance. Excluded from these figures are State Institutions. Included are the current fiscal year-to-date totals and the year-to-date totals from the previous fiscal year.

14. Adult Care Facilities, State Institutions and All Others (Program Data)

    The Adult Care Facility portion of this table shows the persons and expenditures for medical vendor payments for person in Adult Care Facilities by program. The State Institutions portion shows the persons and expenditures for medical vendor payments for persons in State Institutions by program. The All Others portion shows medical vendor payments made for persons who receive medical assistance, i.e., In-Patient Hospitals, Drugs, etc., but who are not in Adult Care Facilities or State Institutions.

15. Adult Care Facilities, State Institutions and All Others (Fiscal Year)

    Monthly totals for persons and expenditures for medical vendor payments for persons in Adult Care Facilities, in State Institutions and All Others receiving medical assistance. All included are the current fiscal year-to-date totals and the year-to-date totals from the previous fiscal year.

16. Adult Care Facilities by Levels of Care (Program Data)

    Monthly details of persons, expenditures for medical vendor payments, and average expenditures for persons by type of facility: Skilled Nursing Facility (SNF), Intermediate Care Facility (ICF), and Intermediate Care Facility for the Mentally Retarded (ICF/MR). Also included are the current fiscal year-to-date totals and year-to-date totals from the previous year.

17. Adult Care Facilities by Levels of Care (Fiscal Year)

    Monthly totals of persons, expenditures for medical vendor payments and average expenditure per person. Also included are fiscal year-to-date and the year-to-date totals from the previous fiscal year.

18. Medical Assistance by Category of Service (Program Data)

    Detailed information by Category of Service (type of service provided rather than type of provider) by program for persons, expenditures for medical vendor payments, and average expenditure per person for the year by program. The total column persons is an unduplicated count of persons receiving Medical Assistance that year; therefore, the row totals will not add to the total column persons.

19. Medical Assistance by Category of Service (Fiscal Year)

    Monthly expenditures for medical vendor payments by Category of Service (for type of service provided rather than type of provider). Also included are the current year-to-date totals and the year-to-date totals from the previous year.

KANSAS PUBLIC ASSISTANCE

Program Descriptions

The Kansas Department of Social and Rehabilitation Services is charged with responsibility for the delivery of a wide range of services to and in behalf of the people of Kansas. Public Assistance is one of several categories of services provided by the Department's programs. The scope of the term "assistance" is defined by Kansas Statute 30-702 "to include the giving of money, food, clothing, shelter, medicine, or other materials; the giving of any service, including instructive or scientific; and the providing of institutional care which may be necessary or helpful to the client in providing the necessities of life for himself and his dependents.

The purpose of the "Summary of Public Assistance" is to provide current and historical data by program for public information. This publication reports monthly, quarterly and fiscal year statistics on maintenance assistance (cash payments), medical assistance (services which are purchased for the client) and food stamps. This data is used for various forms of analysis and is monitored regularly by Research and Statistics Section of SRS. Any questions should be directed to this section.

The majority of assistance programs available through the Department are financed with different proportions of State and Federal matching funds. Other programs, including General Assistance, and State Supplementation to the Aged, Blind and Disabled, are funded by State monies only. All the statistics presented in this publication reflect the total amount of assistance distributed.

The same person may receive maintenance assistance, medical assistance and food stamps in the same month. In this sitution, that person will be counted three times once for each program - in that month. The same process will be repeated each month; therefore, a person receiving maintenance assistance for six months out of the year will show up in the annual maintenance assistance "person-months" count as six "person-months."

MAINTENANCE ASSISTANCE PROGRAMS

Maintenance Assistance programs are those which distribute cash payments to clients each month. The statistics shown under this heading deal only with cash payments and non-medical vendor payments even though recipients in this category may also be receiving medical assistance and/or food stamps. Maintenance Assistance programs include State Supplementation (SSI), Aid to Dependent Children (ADC), General Assistance (GA) and other assistance which includes foster care, adoption support, refugees, and burial.

State Supplementation has been a diminishing program since January, 1974. At that time those persons who were receiving State maintenance assistance for aged, blindness, or disability were incorporated under Supplemental Security Income (SSI). For some persons, when this change represented a decrease in their grant amount, SRS agreed to pay the difference between new and previous grants until their case was closed or the grant was increased to the original amount. This program is funded totally through State money.

Aid to Dependent Children (ADC) is a Federally-matched program designed to meet the needs of dependent children and their families.

ADC-Regular covers those families receiving money payments who cannot be classified under ADC-Unemployed Father or ADC-Foster Care. Each family is counted as one case.

ADC-Unemployed Father (ADC-UF) is the classification for those families with unemployed fathers. Each family is counted as one case.

ADC-Foster Care (ADC-FC) is a program for children committed to the custody of the Secretary of SRS. Each child is counted as a separate case.

General Assistance (GA) is a category of state funded programs for those persons not eligible for Federally-matched programs who otherwise meet GA eligibility requirements.

GA-Regular is a program for those persons who meet state eligibility requirements, but are not eligible for federal funds.

GA-Foster Care (GA-FC) is a program for those persons under 18 in the custody of SRS with parental rights not severed who are not eligible for ADC-FC, but are eligible for foster care payments on the basis of their family's income or resources.

Other Assistance

Children and Youth-Foster Care (C&Y-FC) is a program for those persons under 21 who have been committed to the Secretary of SRS with all parental rights severed (or in the process of being severed) who are not eligible for ADC-FC. This program is Federally matched.

Non-Public Assistance-Foster Care (NPA-FC) is a program for those children not in the custody of SRS whose foster care costs, i.e., residential care, are paid for with State funds. These children are not, however, directly eligible for public assistance.

Adoption Support is a program for those children with approved adoption support plans who may or may not be receiving other services under another case. This program is financed by State funds only.

Burial (all programs) is a count of persons whose burials were paid for in that month. This program uses only State funds.

Refugees is a program for Indochinese refugees. This program is totally funded by Federal money at the present time.

FOOD STAMP PROGRAM

The United State Department of Agriculture changed the method for issuing Food Stamps effective January 1, 1979. As of that date, the purchase requirement was eliminated, and the "bonus," the amount of Food Stamps over the purchase amount, was mailed directly to eligible households. The "bonus" reported prior to January 1, 1979, is the same information that will be reported after that date.

Public Assistance-Food Stamps (PA-FS) is the program for those persons eligible for both food stamps and other public assistance.

Non-Public Assistance-Food Stamps (NPA-FS) is the program for those persons eligible for food stamps, but who are ineligible for other forms of public assistance.

MEDICAL ASSISTANCE PROGRAM

Medical Assistance provides payments for remedial, preventive, or rehabilitative medical care and services furnished by licensed practitioners within the scope of their practice as defined by state law and within the scope of services covered by SRS. Specific services for which such payment can be made and the proper payment rate are established by the Medical Services Section (MSS) and are reviewed and adjusted periodically.

Medical Assistance is available to two groups of recipients; those who are automatically qualified by virtue of receiving cash assistance through Maintenance Assistance programs (PA) and the Medical Assistance only (MA), or "categorically related" recipients. The latter group of recipients are persons who are not eligible for cash grants, but who otherwise meet the eligibility requirements for Medical Assistance.

Medical Assistance Only Programs Include:

1. Medical Assistance categorically related to Old Age - MAcrOA (Federal-State funding)

2. Medical Assistance categorically related to Aid to the Blind - MAcrAB (Federal-State funding)

3. Medical Assistance categorically related to Aid to the Disabled - MAcrAD (Federal-State funding)

4. Medical Assistance categorically related to ADC - MAcrADC (Federal-State funding)

5. Medical Assistance categorically related to GA - MAcrGA (State funding)

Other Medical Assistance

Buy-In is a term used for the purchase of Medicare insurance premiums for eligible persons. This information is shown only on Table 1. This program is Federally matched.
